SCAN ME

FIBER MATTRESS

A practical, lightweight option for high-occupancy facilities. Fiber mattresses offer an economical solution for seasonal accommodations and routine replacement programs, with waterproof surfaces that simplify cleaning.

FOAM MATTRESSES

Madewith high-density polyurethane foam, these mattresses provide dependable comfort and support while maintaining their shape through repeated use. Ideal for busy camp environments.

PREMIUM FOAM MATTRESS

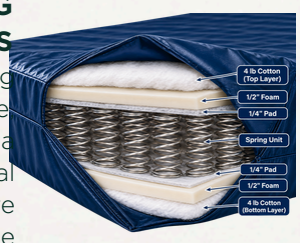

Designed for enhanced comfort and long-lasting support, premium foam mattresses offer an upgraded sleep experience with dependable durability for camps, retreats, and year-round accommodations.

INNERSPRING MATTRESS

Traditional innerspring mattress offering responsive, supportive comfort with a familiar residential feel. Ideal for housing seeking a more traditional sleep experience compared to foam mattresses.

METAL BUNKS

Built for durability and versatility, our heavy-duty steel bunks offer dependable performance, easy maintenance, and space-saving solutions for high-use camp environments.

WOODEN BUNKS

Combining rustic charm with lasting durability, our wooden bunks create a warm, welcoming atmosphere while providing dependable comfort and functionality for campers and guests.
